

# LISTEN TO ME

*Dionne Ward Anderson sings Listen to Me for the UN 75<sup>th</sup> Anniversary Online Concert*

- Girl            Please listen to me! Heed the words that I say  
                    We live in one world so our home is the same
- Youth 1        The same sun is our fire, the same clouds give us rain  
                    So whatever you desire our future's the same
- Youth 2        Say not that you're righteous - nor that you are true!  
                    Say not that I'm red – nor that you are blue
- All 3            Say only we are Friends! – and we want to live in peace  
                    In this here our world, Let all wars cease!
- Youth 1        So open your eyes, take the truth as it stands  
                    We have but one earth so we must share the land  
                    The same moon is our lantern, the same sky is our roof  
                    So whatever your reasons, come follow the truth
- All 3            Say not that you're Christian, nor Muslim nor Jew  
                    Say not that you're Buddhist, nor that you're Hindu  
                    Say only we are Friends! – and we want to live in peace  
                    In this here our world, Let all wars cease!
- Girl            For where would we go if this world we destroy?  
                    We have but one home, this world, to enjoy!  
                    The same earth fills our hunger, and we all breathe the air  
                    So change your desires, this world we must share.
- All three      Say not that you're rich, nor that you are poor  
                    Say not that you're less, nor that you are more!  
                    Say only we are friends – and we want to live in Peace  
                    In this here our world, let all wars cease!
- In this here our world, let all wars cease!
