

# Мви жѐлаем щастья вам WE WISH YOU HAPPINESS

*Stas Namin, composer of We Wish You Happiness! Sings it at a public concert in Moscow with international guests*

Mwi zhelayem shastya vam  
Shastya vetom meeryeh balshom  
Kak sontse pa ootram  
Poost anaw za khaw deet vdawm

Mwi zhelayem shastya vam  
Ee anaw dolzhnaw bweet takeem  
Kawg da twee shastleev sam  
Shastya paw delee zdroo geem!

In a world with trouble all around  
Looking for a rainbow that can't be found  
Waiting for some good news now,  
News that never comes!

Try to make your life much easier  
Don't forget the good things that we share!  
Life will always bring you down  
But don't be overcome!

We want you to be happy now  
Happy in this big world of ours  
With every morning sun  
C'mon and now just sing with us!

We want you to be happy now  
Happy for the rest of your life!  
C'mon and share all that you love  
Give yourself the Happiness you need!

In the world there's always pain and war  
Looking for a place to call our home!  
To find the tenderness I need  
That's where I'll belong

Let us find a way – I know we can  
To take us to a place where everyone  
Can find joy and happiness  
By singing just this song!

We want you to be happy now  
Happy in this big world of ours  
With every morning sun  
C'mon and now just sing with us!

Mwi zhelayem shastya vam  
Ee anaw dolzhnaw bweet takeem  
Kawg da twee shastleev sam  
Shastya paw delee zdroo geem! (*Everyone joins in the final chorus*)
