

# FIREBALL

Nine, eight, seven, six, five, four, three, two, one!  
Push that button  
Let it be done!  
Look out – here it comes!

Fireball – burning in the sky  
Building ever higher, are we going to die?  
Fireball – rising from the ground  
Growing ever brighter  
Why is there no sound?  
Fireball!

Where's my child  
Where's my home  
Where's the street I used to know?  
How can it be - ?  
How can a city disappear?

Fireball! Fireball! Fireball!

Will I be the only survivor?  
Lost in a world – a sea of burning fire?  
Will I be the only one?  
Oh dear God! – what have we done?

Nine, eight, seven, six, five, four, three, two, one!  
Let it Go!  
Let it be done!

Look out!! – here it comes!

Fireball! – glowing and alive

Pushing out its poison – nothing will survive!!

Fireball! – bursting into flames!

My body is on fire

But I feel no pain - !!

Fireball! Fireball! Fireball!
